IN RE:  CORN BELT POWER COOPERATIVE	DOCKET NO. E-21443
---	--------------------

**ORDER GRANTING FRANCHISE**

(Issued October 5, 1999)

On April 5, 1998, Corn Belt Power Cooperative (Corn Belt) filed a petition, identified as Docket No. E-21443, with the Iowa Utilities Board for a franchise to erect, maintain, and operate approximately .31 circuit miles of 169,000-volt maximum voltage electric transmission line in Linn County, Iowa, pursuant to IOWA CODE Chapter 478 (1999).

In its petition, Corn Belt states that it does not request authority to construct any new transmission lines, but only to extend Corn Belt's franchises for transmission lines that have been previously constructed and are presently being operated and maintained. Corn Belt further states that all easements required for the line have been obtained voluntarily or through eminent domain.

**FINDINGS OF FACT**

1. No objections to the petition have been filed as provided for by IOWA CODE Chapter 478 (1999).
2. Notice of the petition was published as required by IOWA CODE Chapter 478 (1999).

3. Corn Belt has filed an agreement to pay all costs and expenses of this franchise proceeding pursuant to IOWA CODE § 478.4 (1999).

4. The transmission line is necessary to serve a public use. This conclusion is based on information provided pursuant to IOWA CODE Chapter 478 (1999).

5. The transmission line represents a reasonable relationship to an overall plan of transmitting electric energy in the public interest. This conclusion is based on information provided pursuant to IOWA CODE Chapter 478 (1999).

6. The transmission line will meet or exceed the minimum engineering requirements of the rules of the Board and will conform to the requirements of IOWA CODE Chapter 478 (1999).

7. Corn Belt has not requested it be vested with the right of eminent domain.

8. The transmission line is near and parallel to a railroad rights of way or along division lines of land, wherever practicable and reasonable, and so as not to unnecessarily interfere with the use of land by the occupants consistent with IOWA CODE § 478.18 (1999).

### **CONCLUSIONS OF LAW**

1. The Utilities Board has jurisdiction of the parties and subject matter pursuant to IOWA CODE Chapter 478 (1999).

2. The Utilities Board has authority pursuant to IOWA CODE Chapter 478 (1999) to grant franchises for the construction, erection, maintenance, and operation of certain electric transmission lines outside cities in the state for the transmission, distribution, or sale of electric current within the state. IOWA CODE § 478.1 (1999).

Corn Belt has met the requirements of IOWA CODE Chapter 478 (1999) and 199 IOWA ADMIN. CODE Chapter 11, and a franchise should be issued to Corn Belt for the transmission line described in the petition.

**IT IS THEREFORE ORDERED:**

1. The petition is granted and a franchise will be issued to Corn Belt Power Cooperative to construct, erect, operate, and maintain an electric transmission line as specifically described in the franchise attached to this order and incorporated by this reference.

2. The Utilities Board retains jurisdiction of the subject matter in this docket pursuant to IOWA CODE Chapter 478 (1999), and may at any time during the period of the franchise make such further orders as may be necessary.
